

The Colorado Council of Teachers of
Mathematics presents our
2016 CCTM Conference
September 22-23, 2016
Denver Mart
Register Now at cctmath.org

Keynote Speaker:

**Rochelle
Gutiérrez**

University of
Illinois at
Urbana-
Champaign

SCHEDULE OF EVENTS

THURSDAY, SEPTEMBER 22

12:00-3:30 LEADER PRE-SESSION
4:00-6:30 TEACHER PRE-SESSION
6:30-8:30 RECEPTION AND AWARDS CEREMONY

FRIDAY, SEPTEMBER 23

7:00 AM REGISTRATION
7:00-3:30 EXHIBIT HALL
8:00-3:30 CONCURRENT SESSIONS
9:15-10:30 KEYNOTE
11:45-12:30 LUNCH
12:30-1:00 BLAST SESSIONS
3:45-4:30 CDE UPDATE, IGNITE SESSIONS, and
DOOR PRIZE GIVEAWAY

Teacher Pre-Session

Making Mathematics Accessible and Equitable for All Students

Schools have a variety of students with multiple needs and mathematical understanding, yet all students can learn mathematics. Classroom environments need to be created where all students are highly engaged in rigorous mathematics that requires them to reason, defend and justify their thinking while critiquing the reasoning of others. Participants will engage in mathematical activities, discuss observations and ideas on how to support students as they develop into autonomous and critical thinkers, and examine their beliefs as they relate to the teaching and learning of mathematics. Attention will be on accessible and equitable mathematics, student engagement, including that of ELLs, through the use of language, representations, and opportunities for participation.

Nora Ramirez and José Franco

**Cathy Martin and Joanie
Funderburk**

Leader Pre-Session

Curricular Materials Review: A Professional Learning Opportunity

Join math leaders, school and district administrators, from across Colorado for a pre-conference session designed specifically for the needs of those that support classroom teachers. The 2016 leader session will allow you to:

- explore and examine rubrics for evaluating mathematics curricular materials
- learn about how to incorporate free online resources with your existing curriculum
- understand how these processes provide a professional learning structure for teachers.

Enjoy a box lunch (included when you pre-register) and the chance to network, then share in the learning before we kick off our 2016 conference.
